

The COMBIOTIC® Effect

The perfect combination for healthy growth

1 Healthy intestinal microbiota

2 Strong immune system

3 Fewer infections

HiPP ORGANIC COMBIOTIC® has a synbiotic composition which supports the development of a healthy intestinal microbiota.¹⁻³

➔ **Proven prebiotic GOS***, obtained from organic lactose

➔ **Natural probiotic *L. fermentum***** is an unmodified lactic acid culture, originally isolated from human milk⁴⁻⁶ and a primary coloniser of the intestine.⁷

Other premium ingredients in HiPP ORGANIC COMBIOTIC® are Metafolin® ***, LCP fatty acids (DHA and ARA) and an age-appropriate protein content <2g/100kcal.

15 years HiPP ORGANIC COMBIOTIC®
The unique combination of GOS* and *L. fermentum*** – effective and well tolerated^{8,9} for 15 years

The COMBIOTIC® Effect

Shown in clinical studies

1 Healthy intestinal microbiota

With GOS* and *L. fermentum***
→ increased colonisation of the intestine with bifidobacteria (+70%) and lactobacilli (78%)¹
→ **intestinal microbiota more similar to that of breastfed infants**⁹

The intestinal microbiota of the infants in the **intervention group** is more similar to that of **breastfed infants**.⁹

Breastfed group
HiPP ORGANIC COMBIOTIC®
Standard milk formula

2 Strong immune system

Secretory IgA in stools, a marker for the intestinal immune system, is **increased by 38%** after 12 months in comparison to the control group.³

Secretory IgA in stools after 12 months³

3 Fewer infections

Cases of diarrhoea^{1,2} and respiratory infections^{1,3} were significantly reduced. These effects were demonstrated in the GOLF studies.

Cases of diarrhoea

Lower respiratory infections

Important information: Breastfeeding is best for babies. Infant formula should only be given upon the advice of paediatricians, midwives or other independent experts.

* Galacto-oligosaccharides ** *L. fermentum* = *Limosilactobacillus fermentum* CECT 5716
